

CORDURA
Fabric

*STRONG FIBERS FOR
EXTREME MOMENTS*

NILIT®

ABRASION-RESISTANT CORDURA® FABRIC COMBINES DURABLE PERFORMANCE WITH VERSATILITY, PERFORMING AS EFFORTLESSLY IN MOTORCYCLE APPAREL AS IT DOES IN CASUAL LEISURE CLOTHING. ACROSS A BROAD RANGE OF APPAREL APPLICATIONS, WEARERS WILL BENEFIT FROM THE LIGHTWEIGHT DURABILITY OF CORDURA® FABRIC. CORDURA® BRAND FABRICS ARE DESIGNED FOR LIVING AND BUILT TO LAST, PROVIDING EXCEPTIONAL RESISTANCE TO TEARS, SCUFFS AND ABRASIONS.

- High tear & abrasion resistance
- Exceptional strength-to-weight ratio
- Versatile styling options
- Reliable performance

IDEAL APPLICATIONS

Activewear	Outerwear	Career Wear	Denim	Socks

- 22/14 (BR), 33/10 (BR), 90/34, 180/68, 370/136, 560/136

DURABILITY AT ITS PEAK

Predse engineering makes CORDURA® fabrics the fabric of choice for lightweight activewear to rugged skiwear. CORDURA® fabric is a high-performance, super-durable material found in a wide variety of premium products. The combination of durability, high-performance aesthetics and comfort is what drives respected apparel brands and retailers to specify CORDURA® fabric - both in products made entirely of CORDURA® fabric, and products that just use it around high-stress and abrasion areas. With fabrics that can weigh as little as 100gr/m², the CORDURA® brand brings all of the benefits of lightweight fabrics, but with exceptional durability.
